

RADIOLOGISTS

Region Värmland, Sweden

ABOUT THE REGION

Värmland Region is a county in west-central Sweden. It borders the Swedish counties of Dalarna, Örebro, and Västra Götaland, as well as the Norwegian counties of Viken and Innlandet to the west.

Region Värmland strengthens public health and develops healthcare to contribute to a world-class quality of life for Värmland's 290,000 inhabitants. They run health centers throughout Värmland and have three emergency hospitals: Arvika, Karlstad, and Torsby.

The healthcare facilities are knowledge-based, personalised, efficient and equitable. They provide person-centred care based on the needs of the individual patient. Care is provided close to the patient and on the patient's terms.

Main responsibilities and expectations

Värmland is an energetic, creative, welcoming, and open place where you can live a better life. Here you work and live surrounded by wild nature with roaring deep forests, calm lakes, lively rivers, and beautiful farms. But also an open and welcoming environment, an international business community, a strong storytelling tradition, inspiring culture, sports, and outdoor life, and an innovative university.

Radiologists are based at the hospitals in Karlstad, Arvika and Torsby and at Region Värmland's health centres in Säffle and Kristinehamn. We carry out examinations and treatments using X-rays, CT, ultrasound and MRI. Our staff consists of radiologists, X-ray nurses, nurses' assistants and care administrators. We work entirely on a referral basis.

The mission of the Mammography Department is to perform breast screening and clinical breast care. Mammography is centralised at Karlstad Central Hospital and is co-located with the surgeon's breast clinic, Breast Centre.
