

Psychiatry

Brønderslev & Aalborg,
Denmark

Main responsibilities and expectations

- To be trained in the adult psychiatry field and have a focus on assessment and treatment.
- You have interests and competencies in the general psychiatric field.

What's expected of you

- To have medical and specialist titles issued or recognized by the European Union.
- To be able to complete the intensive Danish language course.
- To diagnose and treat the most common uncomplicated somatic diseases.
- To be professionally committed, motivated and a good collaborator.
- To be adaptable and flexible.
- To be able to be part of an interdisciplinary team and have respect for other professional groups.
- You must have the desire to enter into a dialogue with the patients and relatives and involve them in their treatment.
- Desire to be involved in teaching medical students/trainee doctors as well as teaching other professional groups in general.
- You must participate at on-call duties.

Salary and Conditions

- Working hours in Denmark are 37 hours per week, with 6 weeks of holiday a year.
- From the start of the employment, the monthly salary will be approximately EUR 5,960 net per month. After six months your salary will increase to EUR 6,736. In addition to your monthly salary, the hospital will make a pension contribution of 16.85% to the Doctors' pension fund.
- When you have passed the Danish language tests you will be asked to apply for a job as a specialist psychiatrist. The monthly salary will be approximately EUR 7,980 net. At this point, your pension contribution paid by the hospital to the Doctors' pension fund will increase to 18.56%.

THE HOSPITAL OFFERS

- Intensive language course in Denmark, while the doctor receives the full salary. During the course you will gradually increase contact with the department.
- Training on the Danish healthcare system and legislation.
- Thorough introduction to the department, hospital, language, and culture.
- An ambitious professional environment and great colleagues, who look forward to welcoming you.
- Ongoing supervision and guidance in professional, cultural and social issues.
- Guidance in connection with moving abroad, housing search, child care and networking.
- Guidance regarding job search and networking for your spouse.

Brønderslev & Aalborg DENMARK

Brønderslev municipality has approx. 36,000 inhabitants and is located approx. 30 kilometers from Aalborg. There is a rich commercial life and opportunities for schools and kindergartens.

Brønderslev is known for its strong sense of community. Residents often engage in local events and activities, fostering a friendly and welcoming atmosphere. With its slower pace of life compared to larger cities, Brønderslev offers a high quality of life, with less stress and more emphasis on community and family.

The surrounding area offers numerous outdoor activities, including hiking, cycling, and nature walks. Brønderslev hosts several cultural events throughout the year, including art exhibitions, festivals, and markets, contributing to the town's vibrant community life.

Brønderslev is well-connected by road and rail, making it easy to travel to and from larger cities. The town's location in North Jutland means it's relatively straightforward to explore other parts of Denmark and Scandinavia.

Aalborg, located in Denmark, is a vibrant and historic city known for its rich cultural heritage, modern amenities, and beautiful landscapes. It's the fourth largest city in Denmark and serves as a key hub for industry, education, and culture in the northern part of the country.

Aalborg offers a wide range of cultural activities and attractions. The city is famous for its Aalborg Carnival, one of the largest festivals in Scandinavia, attracting visitors from all over the region. The Utzon Center, designed by the renowned Danish architect Jørn Utzon, showcases exhibitions on architecture and design. The city also boasts the Aalborg Zoo, the North Jutland Art Museum, and the historical open-air museum of Lindholm Høje, featuring ancient Viking burial sites.
